

GONZALO VILLALBA

WEB DEVELOPER

PROFILE

As a Computer Engineering student with a passion for web development, I'm dedicated to teamwork, always striving to collaborate effectively and provide support whenever needed. I find great satisfaction in both teaching and learning, driven by curiosity and a love for problem-solving. Staying updated on new technologies in the IT sector is important to me, as continuous learning is a daily pursuit. Challenges inspire me to seek out the best solutions, making every obstacle an opportunity for growth.

EDUCATION

Computer Engineering Student

Universidad Católica de Salta. Salta, Argentina

Where I study for my future as a computer engineer, preparing subjects such as: Operating Systems, Data Bases, Computer Architecture, Programming Languages, etc.

EMPLOYMENT

Administrative Assistant at Law Firm

Armando Isasmendi. Salta, Argentina

Organized and digitized legal documents, ensuring efficient file management and accessibility.

Developed strong skills in data organization and process improvement while managing case files.

Property Management Assistant

Freelance. Salta, Argentina

Managed temporary rentals on platforms like Airbnb and Booking, overseeing daily operations and guest communications.

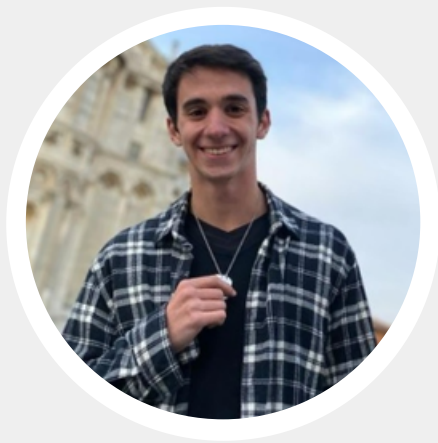

Developed strong interpersonal and customer service skills by effectively handling guest inquiries, feedback, and resolving issues promptly.

Gained experience in time management and problem-solving by coordinating multiple properties and ensuring smooth operations.

Teaching Assistant, Mathematical Analysis IV 2024

Universidad Católica de Salta. Salta, Argentina

Support in teaching classes and resolving doubts in advanced mathematics topics. Throughout this experience, I have strengthened my ability to adapt to different groups of students, as well as my ability to communicate clearly, effectively and empathetically, facilitating learning.

EXTRACURRICULAR ACTIVITIES

University Extension Project Assistant

Universidad Nacional de Salta. Salta, Argentina

For two consecutive years, I participated in a university extension project at the National University of Salta (UNSa). The project aimed to educate future professionals on the legal framework of civil liability in Argentina. Through this experience, I developed strong social communication skills, taught classes, and helped organize the project's sustainability.
